

VOLVO L90H AGRICULTURAL LOADER

The powerful Volvo L90H wheel loader is built for a variety of applications, including quarrying, timber handling, and agriculture. Volvo's Torque Parallel-linkage, hydraulic attachment bracket, and range of attachments really do make the L90H the ultimate all-rounder. The optional 8m³ folding silage fork and Michelin Mega Xbib Ag tyres, ensures the Volvo L90H Agricultural Loader is a highly productive, extremely versatile tool for all applications on or around the farm.

VOLVO L90H FEATURES

OPERATORS CABIN

A spacious pressurised cab, featuring a premium operators seat and ergonomic controls. Experience a clear view of the attachment and job site thanks to large expanses of glass & rear-view camera. All important information is centrally located in the operator's field of vision. Display for Contronic monitoring system.

ERGONOMIC LEVERAGE CONTROL

The ergonomic leverage control prevents fatigue. Adjust the detent third function, boom kick-out. Easily change between linear or single lever controls and select from three hydraulic settings to tailor the lever control according to your preferences.

IMPROVED COOLING CAPACITY

The Volvo L90H features reversible cooling fan for dusty conditions. The external axle cooling option is ideal for tough applications and doubles the axle oil change intervals for higher uptime and lower maintenance costs.

IMPROVED SAFETY

Anti-slip steps and strategically placed handrails have been added for ease of access. The new attachment bracket uses a visual indicator to let you know the attachment is locked and ready to use.

NO COMPROMISE ON COMFORT

Premium comfort seat ensures for maximum operator comfort.

TORQUE PARALLEL (TP) LINKAGE

The Torque Parallel Linkage offers a high breakout, tilt in and lifting forces. It keeps attachments parallel throughout the lifting range for exceptional load stability and excellent visibility.

GREAT SERVICING ACCESS

Electronically-operated engine hood, with ground-level access to all service points. New cooler installation now slides out for easier cleaning.

360 DEGREE LIGHTING

The L90H features premium LED lighting with 360 degree coverage.

RIMPULL CONTROL

The rimpull control allows the operator to reduce tire wear and prevent wheel spin. Select the optimum rimpull to match the application and ground conditions, and experience high productivity at low costs.
